

Chaperone requirements

Every backstage chaperone will need to have an up-to-date DBS. This can be one that you have through your place of work if you already work in an environment with children. I will need to see a copy of the DBS or I will require the long DBS number.

If you got a new DBS for the last show (2024) this is still valid for this year. If you got a DBS from us in 2022 you will be required to get a new one. If you signed up for the update service when you first got your DBS then it will still be valid.

If you do require a DBS please notify me ASAP and I provide you with the next steps to obtain one.

We have 3 shows, plus the dress rehearsal on 26th April.
